ABHTRONICS®

Powered by LG ThinQ AI OS

The Real 4K TV

for all your entertainment needs

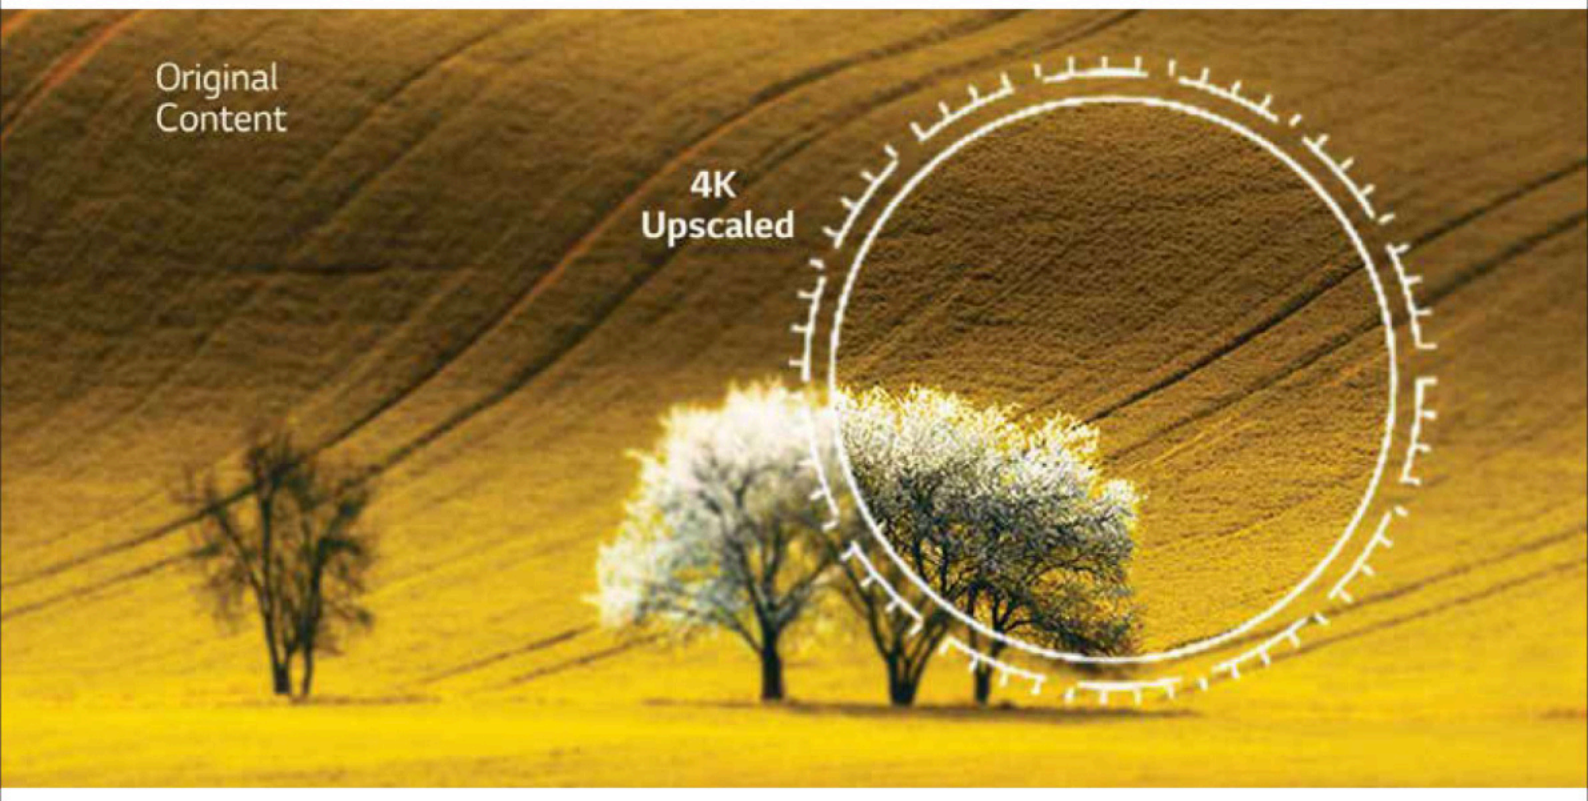

Web OS Series Brochure 2026

4K Display

Crystal clear experience

Abhtronics TVs upgrade your viewing experience. Enjoy vivid colors and breathtaking detail in Real 4K.

Upscaling

Redefine scale of 4K

Watch non-4K content in 4K on large UHD screens to enjoy clarity and precision in every moment.

SOUND

AI Sound
Enjoy immersive audio

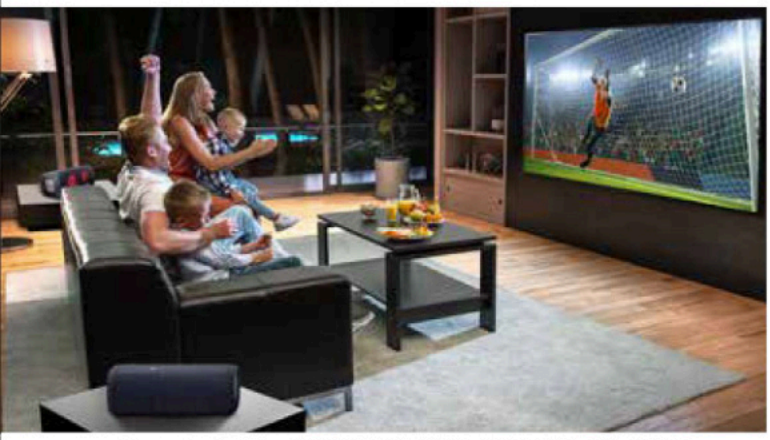

AI deep learning algorithms convert 2-channel audio into 5.1 virtual surround sound, enriching all content with enhanced quality.

*UQ9000 features AI Sound Pro with virtual surround 5.1.2 up-mix

Bluetooth Surround Ready
A clear home advantage

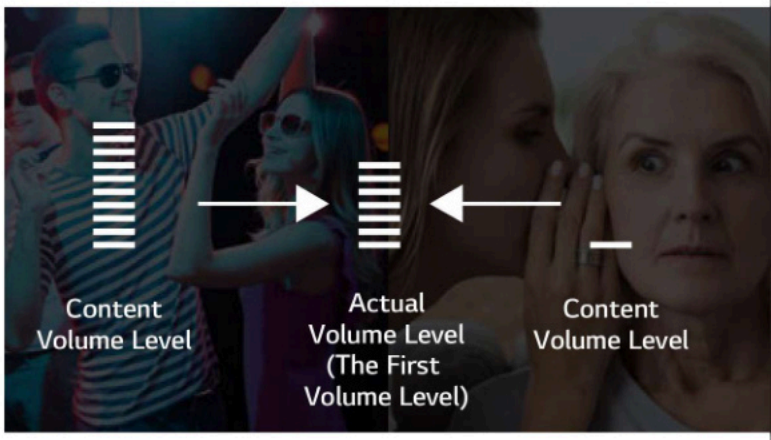

Easily connect to a true wireless surround sound experience. All the action sounds richer and more realistic, bringing the big game atmosphere to your living room.

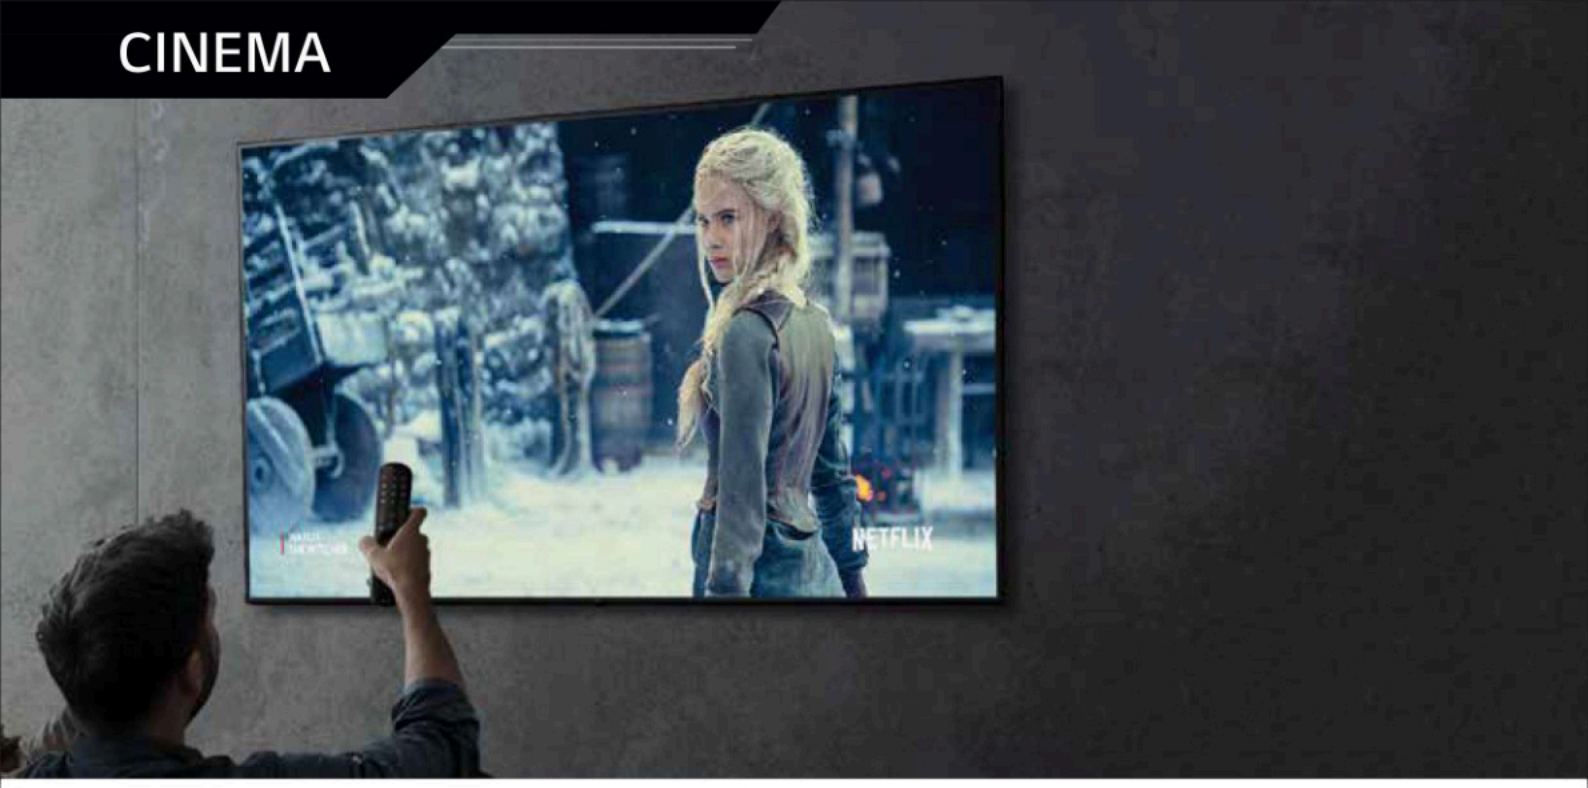

*Connection Available : OL-100/OK-75/OK-55/OL-45/ON-2D/RL-2/RL -4/PN-5.
*Connection Available : JBL Clip3/Go2/Go, MARSHALL STOCKWELL II B&O Beoplay P2, Canston LX-C600, Sony SRS-XB22.

Auto Volume Leveling
Consistent voice levels

The Auto Volume feature keeps the volume of your TV constant by automatically lowering or raising the sound output when the sound modulation signal is high or low.

CINEMA

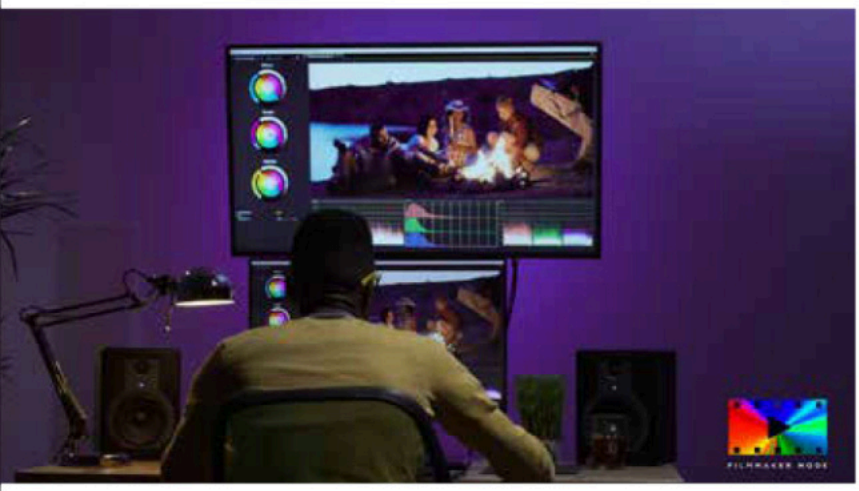

Cinema-like immersion at home

Watch in 4K and enjoy a viewing experience like you would in the cinema.

HDR10 Pro

With HDR10 Pro, brightness level is adjusted to enhance color and clarity in every image. Be mesmerized by how realistic your content looks.

Filmmaker Mode™

Enjoy your favorite films just the way they were filmed and appreciate the elements of authenticity from the perspective of the director.

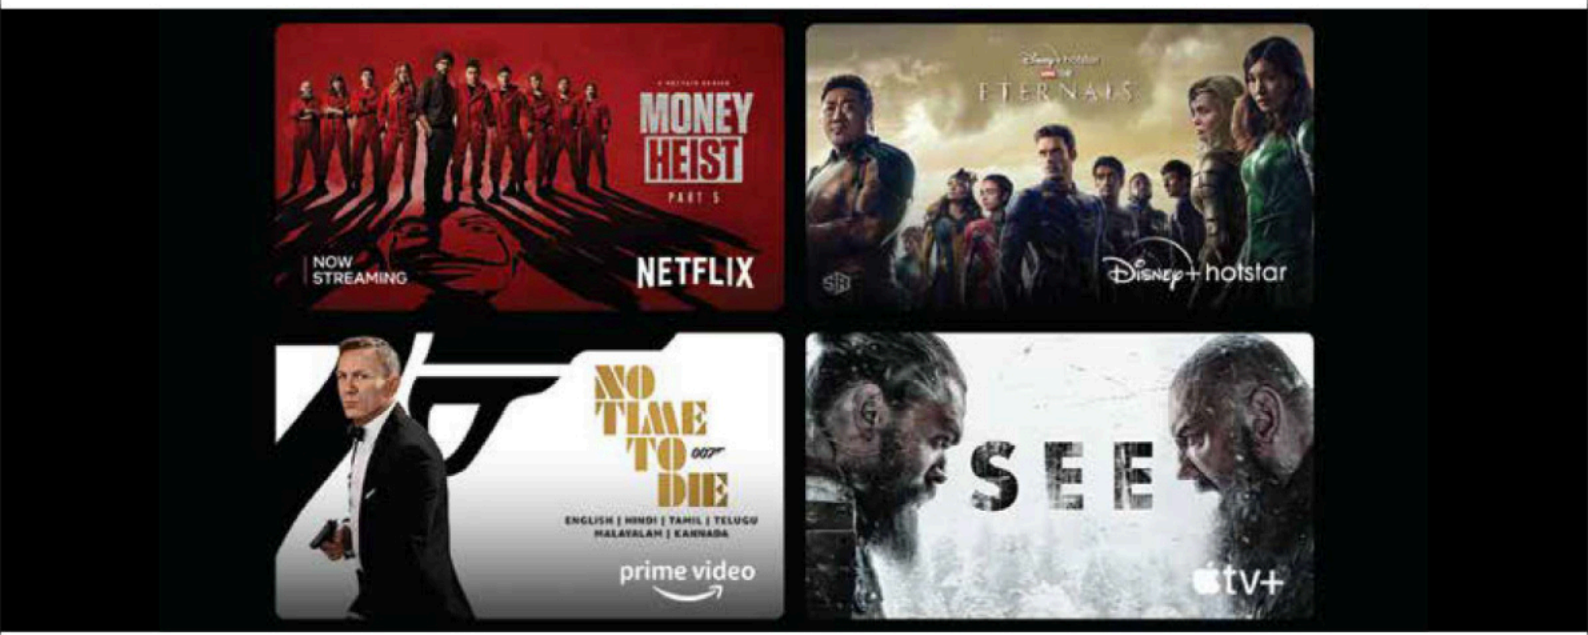

THINQ AI

Smart has never been this simple

Support for Google Assistant, Amazon Alexa, Apple Airplay, HomeKit, and many more make controlling your TV and connected devices quicker and more convenient than before.

LG ThinQ AI · Ok Google · alexa built-in · Works with Apple AirPlay · Works with Apple HomeKit

Entertainment

All your favorites in one place

Get set for binging. You can now find virtually anything to watch on the available streaming apps. With Netflix*, Disney+Hotstar#, Amazon Prime**, Apple TV+## and many more.

* Netflix streaming membership required. #Disney+ content available on Hotstar App. ** Amazon, Prime Video and all related logos are trademarks of Amazon.com, Inc. or its affiliates. Amazon Prime membership and/or Prime Video fees apply. See primevideo.com/terms for details. ##Apple, the Apple logo, and Apple TV are trademarks of Apple Inc, Registered in the U.S. and other countries. Apple TV+ requires a subscription. Supported service may differ by country.

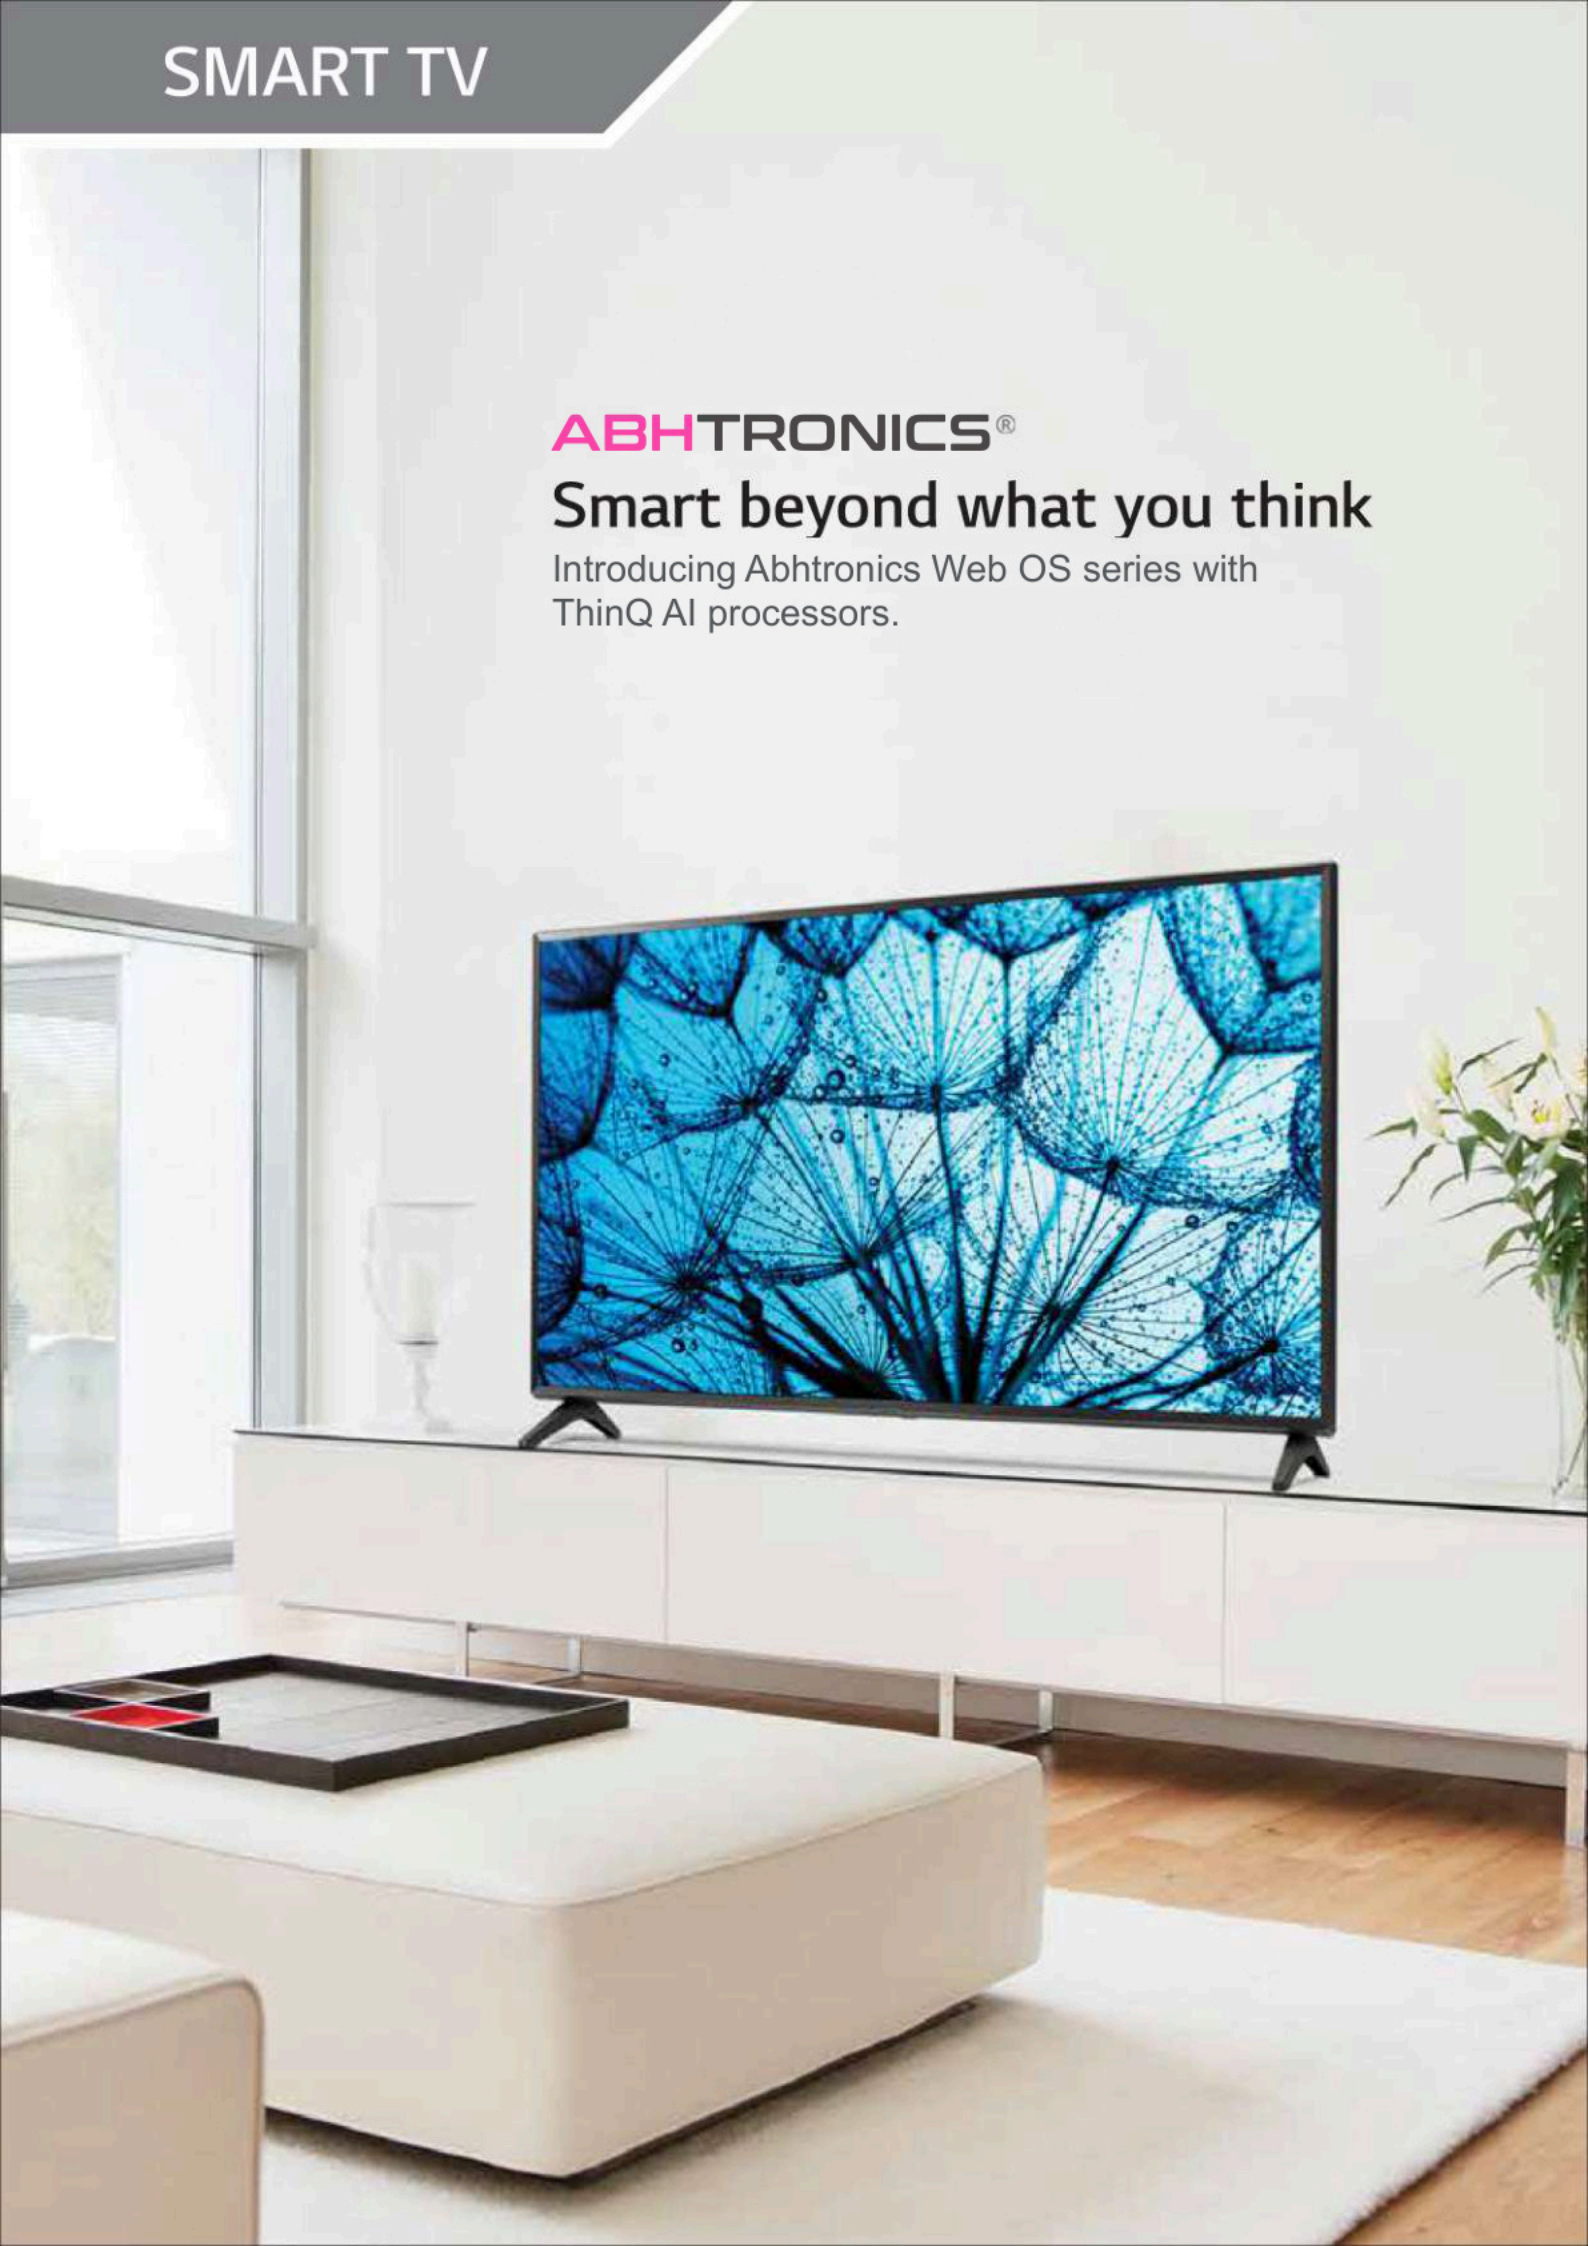

ABHTRONICS®

SMART TV

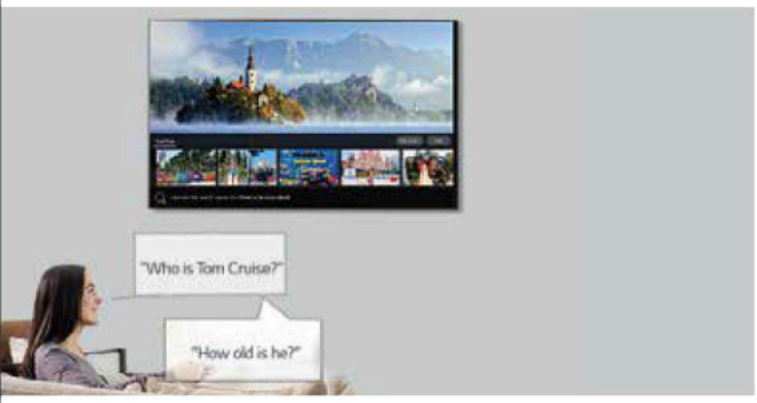

ABHTRONICS®

Smart beyond what you think

Introducing Abhtronics Web OS series with ThinQ AI processors.

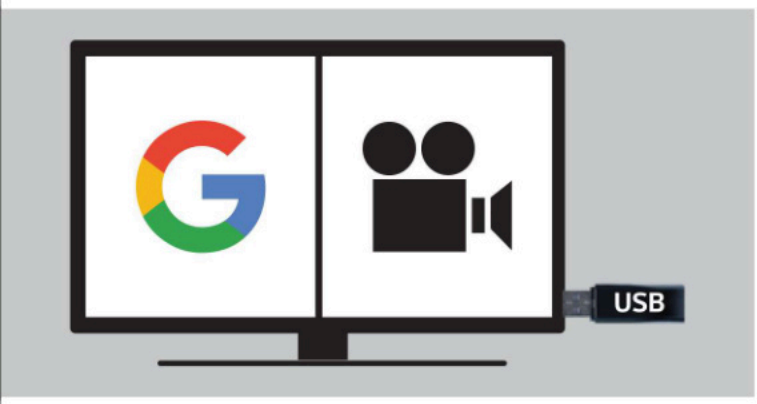

FEATURES

Conversational AI

The LG ThinQ AI understands what users have said before and responds to instructions easily without frequent command repetitions.

Multi-tasking

Enjoy non-stop entertainment. Split the screen to surf the internet and watch TV simultaneously. The built-in memory can be expanded with the USB port.

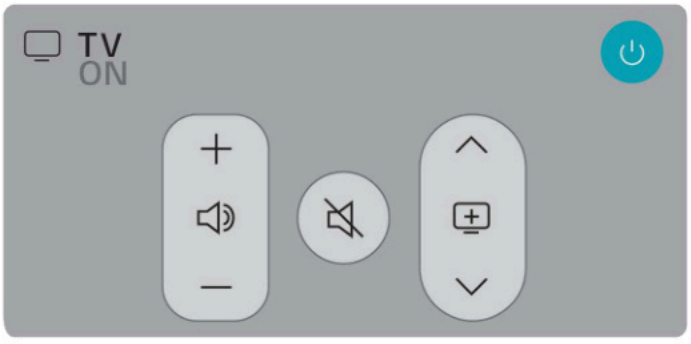

Screen Share

Get access to different content on TV at the same time. An overlaid mobile screen enables you to surf the internet, or play movie clips on YouTube as you watch live TV.

LG THINQ APP

LG ThinQ App

Manage household tasks with one hand

Enjoy single-window access to all LG Electronics home appliances and IoT devices with the LG ThinQ app. Operate, monitor and diagnose your LG devices anytime, anywhere.

*LG Thinq App needs to be downloaded separately in compatible devices. All features and functionality depends upon device.
